Facilities and Maintenance Services Level Agreement

SLAFGS01

Quality and Facility
Management System
(QFMS)

01. Purpose

The purpose of this document is to ensure that the proper elements and commitments are in place to provide consistent Facility and Maintenance service support and delivery to the **End User(s)** of Qatar University (QU) by Facilities & General Services Department (FGSD) and its sections.

The goal of this Agreement is to obtain mutual agreement for Facility and Maintenance service provision between the Service Provider, represented by Facilities & General Services Department (FGSD) & its sections and the End User(s) of Qatar University (QU).

The objectives of this Agreement are to:

- Provide clear reference to service ownership, accountability, roles and/or responsibilities.
- Present a clear, concise and measurable description of service provision to **End User**
- Match perceptions of expected service provision with actual service support & delivery.
- Complying with the requirements of ISO 41001:2018 Facility Management System (FMS), International Standard

02. Scope

This document is applicable on the technical services provided by Facilities & General Services Department (FGSD) in Qatar University (QU).

03. References

- ISO 41001:2018 Facility Management System (FMS) Standard- Requirements and Guidance for Use
- SLA of FGSD' Call Center

04. Stakeholders

The following Service Provider(s) and Customer(s) will be used as the basis of the Agreement and represent the primary stakeholders associated with this SLA:

1. Facility Management and Maintenance Service Provider(s): Facilities & General Services Department (FGSD) in solidarity with its affiliated section(s) (" **Provider** ").

* Note:

The delivery or execution of the service might be done by **contracted outsourced company/service provider** other than the Facilities & General Services Department (FGSD)

2. Customer(s): **End User** (" **Customer** ").

The **End User** might be any **department/college/unit/Employee** etc. that located in the Qatar University Camps and one of the contents of its Organizational Structure (OC).

5 Service Requirements

Service Provider Requirement

End User Requirements

Service Provider responsibilities and/or requirements in support of this Agreement include but not limited to:

- Meet commitment to the response time associated with service related incidents.
- Appropriate notification to End User (2:3 days prior) to all Scheduled Maintenance.
- Appropriate notification to End User (1 day prior) to expected Service Outage and Expected Service Restoration Time.

End-User responsibilities and/or requirements in support of this Agreement include but not limited to:

- Using the proper channels for ticketing and using the designated form for requesting the services of the section.
- Availability of End User representative(s)/Building Coordinator when resolving a service related incident or request.
- Evaluating and giving feedback about the quality of the service provided by the section on the designated form(s).

6 Service Assumptions

Assumptions related to ~~is~~ scope service and/or any of its components include:

- Changes to Service:
 - ✓ List here any addition/deletion/interruption expected to carry out in the service(s) of the section.
Note: All changes shall be communicated and documented to all stakeholders.
- Cut-off or Failure in the Service:
 - ✓ List here any expected "Cut-off" or "Failure" in the service by (zones/areas/buildings)
 - ✓ "Provider"/Section should communicate and document any expected "Cut-off" or "Failure" in the service, with all stakeholders.

7 Service Monitoring and Tracking

List here any Tools/ Technologies used for monitoring the performance of the service:

- Dashboards (mention the names).
- System (mention the names).
- Periodical Audit Times (parties performing the audits).
- Who is authorized to review the results/outcomes of monitoring/audits (for internal use only).

8 Service Terms & Conditions

List here the Terms & Conditions of the service, that include:

- Special Conditions.
- General Conditions.
 - ✓ Ex. Cases for breaching of the Service (service abusing; service misuse).
 - ✓ Ex. Cases might lead to Service Termination.

9 Pricing and Service Cost (could be excluded)

List here the below, if applicable in FGSD:

- Service Cost (total/installments) : NOT APPLICABLE.
- Cost in case (service abusing/service misuse): NOT APPLICABLE.
